

# Flipped Learning 101

Teachers everywhere are flipping their classrooms, and the results speak for themselves...

In flipped classrooms, student engagement improves, and grades do, too...

9 out of 10 teachers saw student engagement increase after flipping their classroom

## Traditional Approach

## Flipped Approach

**Before Class**

Students read at home

Students complete interactive study at home

**During Class**

Students listen to teacher's lecture

Students apply concepts with feedback from teacher

**After Class**

Students attempt homework

Students check understanding and advance to more complex tasks
