

Graduated Cylinder Practice

For each example do the following:

- Determine the value of each graduation and **record** the value.
- Draw** a line at the bottom of the meniscus. Read the graduated cylinder.
- Estimate the final decimal place.
- Record** the volume in the correct units.

1.
Graduation = _____
Volume = _____

2.
Graduation = _____
Volume = _____

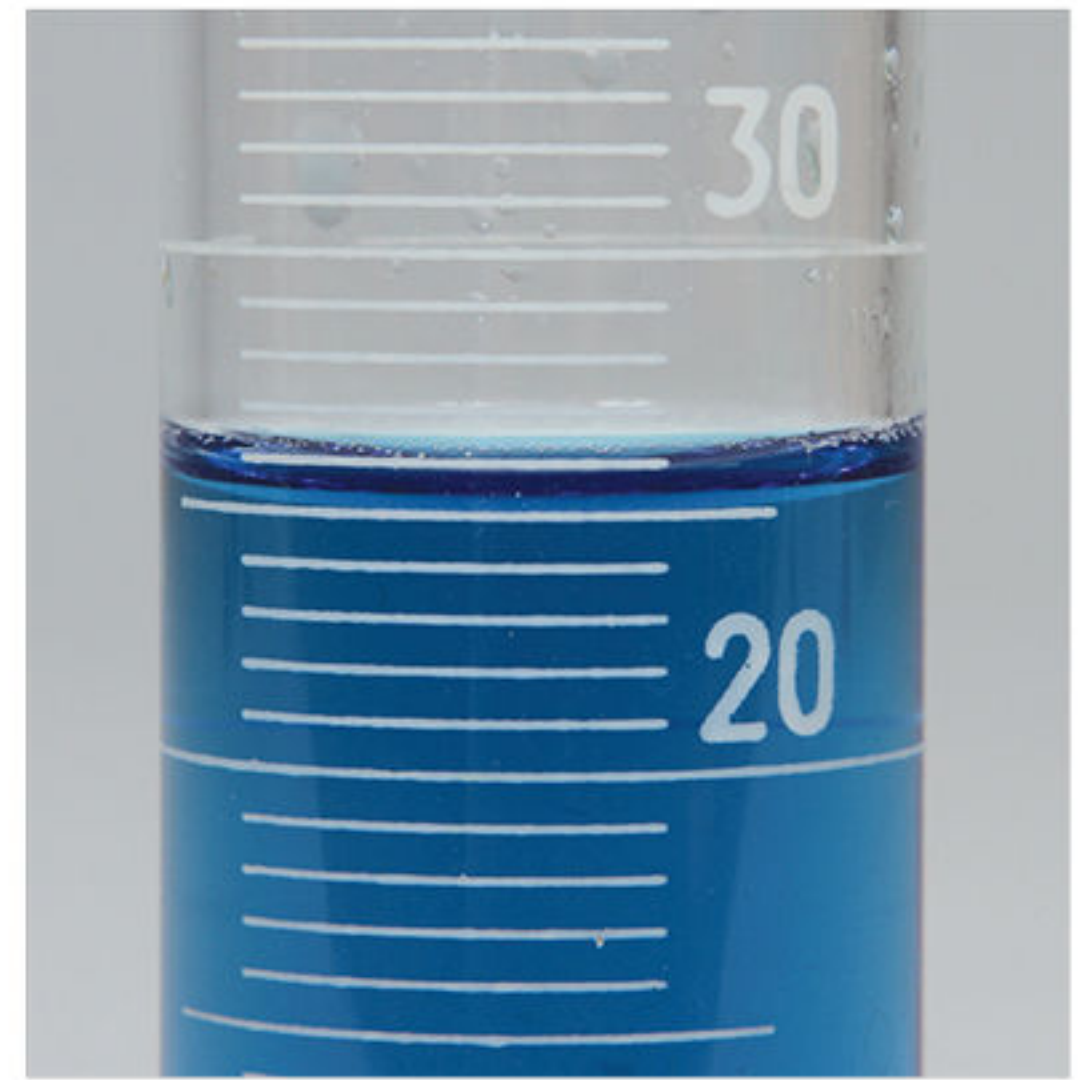

3.
Graduation = _____
Volume = _____

4.
Graduation = _____
Volume = _____

5.
Graduation = _____
Volume = _____

6.
Graduation = _____
Volume = _____

7.
Graduation = _____
Volume = _____

8.
Graduation = _____
Volume = _____

9.
Graduation = _____
Volume = _____

10.
Graduation = _____
Volume = _____
